Investing in the transformation of lives

REV. BILL MCCUTCHEN

Five years ago, we introduced our IMPACTING generosity initiative, and in 2019 we are introducing the second phase of this exciting initiative. To have an impact means to have a powerful effect on someone or something. Your faithful generosity has already made an IMPACT. We have impacted our campus with beautiful celebration and ministry spaces. We have impacted our community by serving hundreds of families in need. We have impacted our nation and the world through strategic ministry partnerships. I am convinced that God wants HHPC to have an even greater IMPACT locally and around the world. I invite you to invest in this great Kingdom work as we seek to raise \$1.5M to complete our ministry center.

Introducing our Ministry Center

Embarking on PHASE II gives us the ministry space we need to see lives transformed locally, nationally, and internationally. With staff offices, meeting rooms, a community room for tutoring, counseling space, and a home base for our SERVE ministry, we can more effectively care for the needs of our congregation and community. The new ministry center will also free up space in our existing building for additional children's and ministry areas, which are currently occupied with offices. Additionally, this expansion will provide more parking which we are excited to be sharing with Hilton Head School of Creative Arts.

To learn more about investing in Impacting Phase II, go to www.hiltonheadpca.com/impacting.

TRANSFORMING LIVES BY THE POWER OF THE GOSPEL

Our IMPACTING initiative has always been about transforming lives by the power of the gospel. We're excited to begin work on our new ministry center, a dedicated space on our campus to engage in our four pillars of ministry: celebration, renewal, deep community, and service.

Your investment in Impacting Phase II is vital to our vision for facility expansion and renovation to IMPACT our lives, our campus, our community, and our world.

Serving Others

During the past year, we leveraged over \$250,000 in our SERVE ministry into more than 40 exciting and strategic ministry partnerships. The IMPACT is seen locally, nationally, and internationally.

Our new ministry center is essential in continuing to SERVE the needs of others as we offer the hope of Christ in word and deed.

Deep Community

We desire to know others and be known by others in our community of faith.

In 2018, we experienced deep community together as more than 275 people joined a LifeGroup. Entering into 2019, we have 23 LifeGroups that meet in Bluffton and on Hilton Head Island.

As we continue to grow numerically, it is crucial that we create small groups and spaces for people to engage in deep community.

Our ministry center will provide space for groups to meet as well as the administrative bandwidth to accommodate continued church growth.

IMPACTING PHASE II

Campus Expansion

Through a handful of generous donors, we began 2019 with \$700,000 already specifically set aside for this initiative. This ministry building has been part of our vision since our IMPACTING initiative launched in 2014, and we're stepping into PHASE II in faithfulness to the Lord. We estimate the total project will cost approximately \$1.5M. With your faithful and sacrificial commitments, we will be able to complete our Hilton Head campus.

We're excited to begin construction this Spring on our new ministry center on our campus to provide more space to serve our church family and community.
